

## WHAT IS TRIPLE P?

Triple P (Positive Parenting Program) is a program where parents/caregivers can learn parenting skills that will promote a child's development and potential.

Learning to use the toilet can seem like a big task especially when relatives, friends, neighbors and books all offer different advice. Your child will use the toilet when they are ready. Most children will be fully day trained somewhere between 2 ½ and 4 years of age and night trained by age 8. In this workshop we will talk about strategies to support you and your toddler to be successful when toilet training.
