WHAT IS TRIPLE P?

Triple P (Positive Parenting Program) is a program where parents/caregivers can learn parenting skills that will promote a child's development and potential.

In this Informed Workshop: Supporting your Partner, learn why working as a parenting team is not easy, and conflict between partners over parenting issues is common.

Each parent's approach is influenced by a variety of factors; so, it is understandable that parents have different ideas about how children should be raised. However, parenting is easier and more rewarding when parents work together, communicate well, and support one another. Problems occur when parents argue often in front of children.

Children do best when conflict is low, and disagreements are resolved. After our time together, you will have some tips, strategies and a parenting plan that will help you with your teamwork
